Credentials

Mr. Berzinski joined the firm of Rohrbach Associates PC in 1994 and became a partner in 2007. Ken has 23 years experience in the field of Architecture and has been a registered architect since 1991.

Ken works from the initial marketing phases and continues his close involvement with an interactive meeting process with his clients, exploring answers to critical questions through the examination of options and the generation of information so his clients can make informed decisions.

He has substantial experience in the development of High-Tech Research Laboratory and Health Care projects and has been responsible for multi-million dollar Laboratory, Health Care, Commercial, and Industrial projects.

Ken's expertise is in the detailed design development phases of High Tech projects. He has knowledge of sophisticated research and Health Care equipment and building systems that allows for the careful planning, design and details of the exterior and interior of Laboratory and Health Care type spaces. Ken works closely with our civil, structural, mechanical and electrical engineering consultants in the coordination of the infrastructure of our buildings architectural and equipment systems.

During his 8 years at Hansen Lind Meyer Inc., he executed multi-million dollar Health Care projects throughout the country.
