Credentials

Mr. Frett joined Rohrbach Associates PC in 1999 from a premier Design/Build General Contractor in Wisconsin. Darrell has 20 years of experience in the field of architecture in addition to several years experience in construction.

Darrell came to the firm with a wide variety of experience including Health Care, Primary Education, Secondary Education, Research Facilities and Commercial design. Darrell's expertise covers a broad range of design and construction administration for many different project types and construction methods.

While at Rohrbach Associates PC, Darrell has been responsible for numerous Research Laboratory and Health Care projects. In his position as project architect, he is in charge of a team of architects on several projects from schematic design through construction. He works closely with our consulting architects, engineers and medical equipment suppliers in the coordination of mechanical and electrical interface with architectural and equipment systems

Darrell previously worked for TCI Architect Engineers Contractor, La-Crosse WI, Martin Design, Marion IA and Wehner Pattschull Pfiffner, Iowa City IA. During this period of time, Darrell worked on a wide variety of project types throughout the Midwest.
