Credentials

Mr. Rohrbach is a founding partner in the firm of Rohrbach Associates PC. He is experienced in many building types over his 30+ year career but has specialized in buildings requiring specific expertise, such as Health Centers and Science Buildings. His other project experience is in Educational, Financial, Commercial/ Retail Facilities, Religious and Historic Preservation projects. He has worked on both small and large facilities in new and renovation situations bringing a particular knowledge of how to execute and manage all types of projects to his firm.

His background includes experience in all aspects of professional architectural practice with emphasis on Master Planning, Programming, Schematic Design, and Project Management. Mr. Rohrbach also has significant experience in design development, construction documents, project bidding and negotiation, and construction administration. His Programming and Master Planning experience comes from 8 years as a Principal in a prestigious national Planning and Design firm.

Mr. Rohrbach's practice in Architecture has not been limited to the Eastern Iowa area. For eight years, he traveled and worked throughout the country with a national architectural firm prior to beginning his own firm in 1993. This experience has broadened his knowledge of architecture and the practice of architecture in other parts of the country. This experience enables him to bring challenging ideas and design solutions to his projects. His high design standards will assure your project will meet your goals, objectives, and economic constraints.

He continues to advance his education, attending educational and design seminars through such prestigious universities as Harvard, Iowa State, and the University of Wisconsin to name a few.
